EDUCATION

- **Dy Patil International University (DYPIU), Pune** Pune, India
BTech in Computer Science and Engineering. **SGPA: 8.09/10** August 2024 – May 2028 (Expected)
- **Krishna Public School (KPS) Durg** Durg, India
AISSCE conducted by CBSE. **Percentage: 85.5%** April 2023

ACCOMPLISHMENTS

- Secured **First Rank** in 12th CBSE Board.
- Secured **Third Rank** in 10th CBSE Board (90.2%).

PROJECTS

- **Digital Document Verification System (Java)** March 2026 – Present
 - Developing a secure document verification system using Core Java, Swing, JDBC, and MySQL, reducing manual document checks by **90%**.
 - Implemented **SHA-256 hashing** to ensure 100% document integrity, detecting unauthorized file modifications.
 - Building version control and audit logging modules tracking 100% of document changes, maintaining a complete activity history.
 - Designing an intuitive **Swing-based GUI** dashboard for seamless document upload and verification workflow.
- **AI-Powered Sensitive Data Leak Detection System(Python)** March 2026 – Present
 - Developed an AI-assisted sensitive data leak detection system using Python and pattern recognition techniques to identify confidential information exposure(like emails, passwords, phone numbers).
 - Architected a **modular, OOP-based system** capable of scanning both structured (.csv) and unstructured (.txt) files across entire directories in a single run.
 - Implemented regex-based and NLP-inspired detection methods for identifying emails, passwords, API keys, phone numbers, and financial data from structured and unstructured files.
 - Designed a **rule-based risk classification engine** (Low/Medium/High) with automated report generation to prioritize detected vulnerabilities.

SKILLS

- **Languages:** Java, Python, HTML/CSS, SQL
- **Concepts:** Data Structures & Algorithms, DBMS, Computer Networks, Operating Systems, Discrete Mathematics
- **Development:** JDBC, Swing, REST APIs (Learning), Git, GitHub
- **Professional:** Object Oriented Programming (OOP), MySQL
- **Mathematics:** Probability, Multivariable Calculus, Linear Algebra
- **Tools:** VS Code, IntelliJ IDEA, Jupyter, Matlab

CERTIFICATE

- **Data Structures and Algorithms with Java** – Apna College April 2026
Certificate Link
- **Data Mining in Python** – University of Michigan, Coursera March 2026
Certificate Link

ADDITIONAL INFORMATION

- Interested in Research & Development (R&D) and problem-solving projects.
- Languages: English, Hindi
- **LeetCode:** leetcode.com/u/Diksha_Sahu/
